REGULAR MEETINGS
EACH 1ST, 2ND & 4TH MONDAYS
AT 4:00 P.M.

March 13, 2023

The Supervisors are committed to working with the City, County and Business Community to assure the GLH hospital remains open to serve our community. The majority of supervisors remain resolute that a tax increase is not the path forward. A tax increase as a last resort, would have to be approved by the Mississippi Legislature

We believe there is a significant lack of trust in current management and the numbers being provided. We recommend that an independent professional be selected to validate the minimum financial support needed to get the hospital through the Critical Access application process.

Once the need for support to get us through the Critical Access process is determined, we believe we should look for alternatives to provide that support that do not include a tax increase.

Once the level of support is acquired we believe a different CEO should be on board immediately that can reintroduce and sell the hospital to the community and bring our citizens back to their hospital.

We look forward to continuing to work on solutions.

X

Reginald Moore
President of Leflore County BOS
